## What's Happening In...

### Band

All of our 5th-8th grade Band students have continued to exceed my expectations with their musicianship this year. In 5th grade, the students have been honing their craft and really expanding their technical and musical abilities. In 6th grade, students have progressed so quickly that they have begun mastering music at a 7th and 8th grade level of difficulty. In 7th and 8th grade, students have been pushing their limits in every aspect of their playing and are achieving technical and fundamental skills at an early high school level of difficulty. Right now, all of our Band students are preparing music for the SUSD Band Festival on Wednesday, March 27 at 6 PM at Sanger High School. Our Band Program at Quail Lake is definitely becoming a leading example of what instrumental music should be in Sanger Unified. I couldn't be happier with our entire Band Program!

- Mr. Witrado, Band Director

## S.E.L. Scoop

### Social Emotional Learning

Throughout this school year you've heard and read about SEL programs we have in place at Quail Lake. These programs are an important piece of the learning process. However, SEL is more than just a program or lesson. The 5 components of SEL are imbedded into our school culture: *Self-awareness, Self-management, Social awareness, Relationship skills, and Responsible decision-making.* We will dive deeper into what makes up each component in the following weeks.

## Athletics Update

### Boys' Volleyball

Coach Hoffman and Coach Olson are excited for another Boys' Volleyball season. Over thirty boys have come out to learn the sport and grow as volleyball players. That's enough boys to make three teams! Even though the weather has made it difficult to practice, Coach Hoffman and Coach Olson feel the boys are ready for their first game on February 28th!
